

Good things to do for your earth home!

Keep Your Neighborhood Clean

- If you see trash on the ground, toss it in a trash can.
- Recycle Cans, Bottles, and Paper
- Save them at home and at school, and help your family recycle them.

Help Keep the Air Clean

- Ride your bike or walk to school, or anywhere you go. Too many cars cause a lot of pollution.

Save Paper

- Use both sides of your paper at school and at home.
- To clean up messes, use sponges or washable cloths instead of paper towels.

Help Save Water

- Don't leave the water running while you brush your teeth.

Help Save Energy

- Turn off the lights when you leave the room.
- Turn off the TV when you're finished watching it.
- Don't leave the refrigerator door open. Get what you want quickly.

And Remember . . .

- Don't ever think you're not important to our earth. You are!

I love and take care
of my earth home!
